WORSHIP

We worship to give thanks, praise and honor to God.

It is important to worship with others who believe in Jesus. When we worship together, we become a church family.

Draw a line matching the parts of worship to its definition from the left hand column to the right hand column.

Call to worship	The pastor tells us God has forgiven us for our sins
Lord's prayer	God speaks to us through the pastor's words.
Assurance of Pardon	A prayer that Jesus taught his disciples.
Offertory	An invitation from God to worship Him.
Benediction	Hymn of praise sung after the offering.
Scripture lesson	A musical piece that is played while the offering is being taken up.
Sermon	The pastor speaks these final words as God's blessing on the congregation.
Doxology	A passage is read from the Bible.
